

May 29, 2009

Dear Ms. Joanne Yates:

As the school year draws to a close and with summer just around the corner, I would like you to know that the Youth Leadership Foundation (YLF) is still accepting applications for its Summer Programs!

Our affordable and effective summer programs target students who perhaps don't have to attend summer school, but who could nevertheless benefit from summer classes to keep them academically sharp for the Fall.

For less than \$10 a day, students enrolled in YLF Summer Programs participate in:

- Classes in Core Academic Subjects: Math, English, Science and History
- Daily Character Classes and Personal Mentoring
- Competitive Sports Program
- Weekly Field Trips

YLF Summer Programs also boast a 4:1 ratio of students to staff, meaning that each student will receive the individualized attention he needs to improve both personally and academically.

I hope that you will display the included flyers in a place where interested families could learn more about our programs. I also encourage you to visit our website at www.helpingkids.org.

A YLF staff member will contact you in the coming week to schedule a time to visit and to give more information about our programs. Thank you for your consideration, and I look forward to speaking with you soon!

Sincerely,

David C. Cook
YLF Director of Programs
